ORDER OF DISMISSAL WITHOUT PREJUDICE

This case is an appeal from a disallowance of \$209,149.26 by the Contracting Officer under the four captioned contracts. At the time of that disallowance and the appeal from it, the Contractor had not submitted close-out packages under those contracts.

We are now informed that those close-out packages have been submitted, that the contracts will now be audited for the Department of Labor, but that they will not be ready for that audit until July. Under these circumstances, it appears that the determinative facts of this case have yet to be developed, and that this appeal is not yet ripe for hearing.

Accordingly, this appeal is hereby DISMISSED, without prejudice to its being brought before us again upon the initiative of either party.
